'Give Your gently-used books a Second Life'. NKBPS, Dwarka presents "Book Bank" Campaign- TOGETHER WE CAN, AND WE SHALL, MAKE A DIFFERENCE!

"Education is not filling of a pail, but the lighting of a fire."

WB Yeats

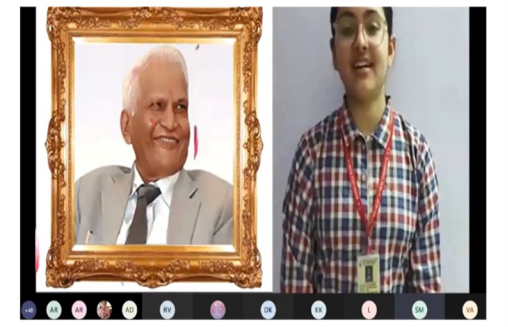

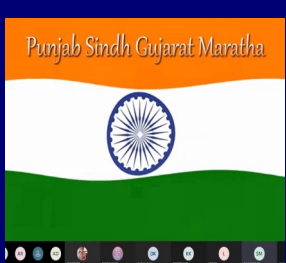

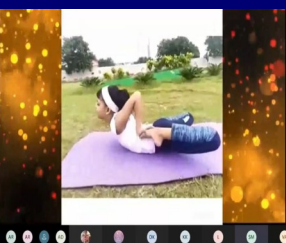

Education fraternity strongly believes in the holistic development of a student, irrespective of the situation. Schools ensure to provide a robust program of physical and emotional development of students during such COVID times. The only thing any school strives for is maintaining an academic escape from such traumatic times. We must believe that it is the time to empower the young generation for the upcoming challenges that one could imagine when the world would set its foot in after the lockdown. The transition of the school environment from physical to virtual medium is nothing but an eye opener to the fact that nothing is impossible if there is a will to do the same. In fact, WHO official David Nabarro even mentioned, "Coronavirus is reality. The only thing world has to learn now, is to live with Corona in the midst." This is the 'New Normal' for everyone and everything around.

The school strives hard to stimulate closer connections among their decisions and emerging knowledge with an aim of enhancing the capabilities and processes that bring valuable reforms in the education sector, thus, making every individual feel protected and secured. It is in such hard times that we need to become imperative that both as an organization and citizen, we do our sincere efforts for the betterment of ourselves.

The students, their families and staff of NK Bagrodia Public School, sector 4, Dwarka has been facing such hard times in their lives, be it dealing with the stress of staying indoors, losing the dearest members of their families or feeling overwhelmed about the prevalent situation. It is this time, when everyone will give their hands of empathy and will stand erect with each other to share sorrows, anxiety and pain. One needs to understand that with every dropping day, there is surely a new day ready for its arrival with news hopes and aspirations with it.
