

N.K. BAGRODIA PUBLIC SCHOOL

SECTOR-IV, DWARKA, NEW DELHI

June '2021

Education fraternity strongly believes in the holistic development of a student, irrespective of the situation. Schools intend to provide a robust program of physical and emotional development of students during such pandemic times. The multipronged approach followed by the school is not only aimed at providing an escape to the students' minds from such traumatic times, but also towards enriching them intellectually, socially and culturally. We believe that it is imperative to empower the young generation for the upcoming challenges that they may face once they step out in the real world after the situation normalizes.

“Education is not the filling of a pail, but the lighting of a fire.”

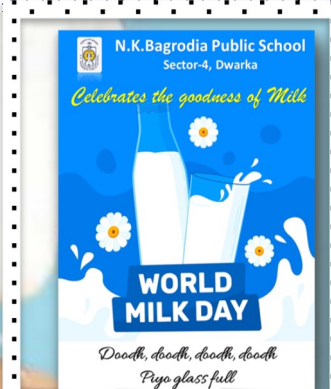

William Butler Yeats

The transition of the school environment from physical to virtual medium is an eye opener to the fact that nothing is impossible if there is a will to do the same. In fact, WHO official David Nabarro even mentioned, “Coronavirus is reality. The only thing world has to learn now, is to live with Corona in the midst.” This is the ‘New Normal’ for everyone and everything around. With the entry into the new world with restrictions, it has become crucial to ensure that the students are equipped cognitively and socially to cope with the changed dynamics. We all know the students are the biggest sufferers of the pandemic. Their whole life has become caged behind the screens - no social interactions, no outdoor playing and no physical workouts. Keeping this in mind, the school does not leave any stone unturned as they provide students with multifarious activities in order to keep them engaged. Be it paper quilling or clay modelling, be it performing yoga or having a dance twist; be it virtual tours or online competitions & events - the students are always provided an opportunity to become proficient in their skills. Thus, at the end, it is only by the determination and whole hearted efforts that one can shape the reforms and ideas into substance. Only then can one think of betterment of both the society and the individual

1st June 2021

WORLD MILK DAY

"Milk is like a duct tape; it fixes everything" World Milk Day is an international day established by the Food and Agriculture Organization (FAO) of the United Nations to recognize the importance of milk as a global food. It is observed on June 1 each year since 2001. The day is intended to provide an opportunity to bring attention to activities that are connected to the dairy sector. World Milk Day 2021 is being celebrated with a theme 'Focusing on sustainability' in the dairy sector along with empowering the environment, nutrition, and socio-economic conditions. The theme aims to spread more and more awareness every year about including milk and dairy products in the diet regularly. The day holds special importance for India as it is one of the largest producers of milk across the world. Various activities were organized to highlight the importance of milk and its products as a global food and to make students aware that milk has always been a healthy drink because of its nutritive value. The students did not leave any stone unturned to educate their peers and their families about the importance and health benefits of dairy products.

1st June 2021

GLOBAL DAY OF PARENTS

June 1 has also been proclaimed as "Global Day of Parents" by the United Nations as a mark of appreciation for the commitment of parents towards their children. To honor parents' love and to spread awareness about this day, the students of N. K. Bagrodia Public School, Dwarka enthusiastically participated in various activities like Greeting card/poster making,

GLOBAL DAY
OF PARENTS
JUNE 1

Making a family album / painting a picture of their family members spending quality time with them, Making something valuable out of waste and gifting to family members, Composing a poem / Singing a song for their parents,, Cooking their favorite dish from any dairy product .Students joyously participated in the activities by clicking pictures and making collages portraying various activities while undertaking various tasks. Thus, sharing how they take care of their parents in different ways and the importance and benefits of milk.

3rd June 2021

WORLD BICYCLE DAY

"Life is like riding a bicycle. To keep your balance, you must keep moving"

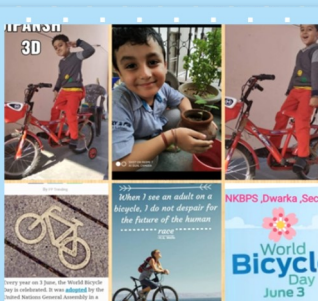

Every year on June 3, World Bicycle Day is celebrated all over the globe. This day recognizes the uniqueness, versatility and longevity of the bicycle, which has been in use for two centuries and is a simple, affordable, reliable, clean and environmentally fit sustainable means of transport. Also, for those people who are suffering from certain lifestyle diseases, it is one of the best ways to remain fit and healthy. On this 'World Bicycle Day', we promoted cycling for better health, fitness, immunity and environment. Due to the COVID-19 social distancing rules, conduct of cycling events in our country could not take place.

However, the students of primary wing of N.K. Bagrodia Public School, Dwarka celebrated the World Bicycle Day by spot riding/ bicycling. They shared their pictures while spot riding/ bicycling

with wishes/ messages/ slogans /quotes about saving the environment for their family and friends about the joy of riding a bicycle. Students enthusiastically participated in activities and understood that there is no other better way to commute without hurting our environment than bicycles and it will help in making our earth healthier place if we embrace cycling in our daily routine.

World Bicycle Day June 3

5th June 2021

World Environment Day

"Let's nurture the nature so that we can have a better future"

W

orld Environment Day is celebrated on 5th June every year with an aim to spread awareness and encourage the earthlings to take action for the protection of the environment. It is a platform to raise awareness on environmental issues such as marine pollution, human over-population, global warming, sustainable consumption and wildlife conservation.

To sensitize the youngsters towards the conservation of our environment as well as to motivate them to love and respect our planet with all their heart and soul, the students of N. K. Bagrodia Public School, Dwarka celebrated this day with various activities:

Class I and II: Designing an **EARTH MASK** on the theme- "**Save Environment**", wear that mask, turn yourself into a superhero, and go around your house saving resources!

Class III: Creating a decorative **Bird House** using eco-friendly materials and setting it up in balcony.

Class IV and V: "Ways in which I love my Environment"

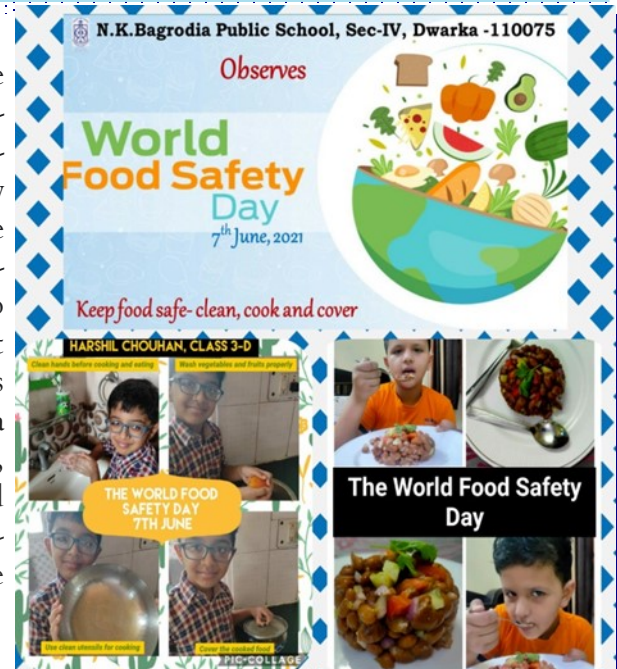

Showing creativity using waste material and making best out of waste. The young environmentalists exhibited their innovations on the various aforementioned activities. Wholehearted and enthusiastic participation could be witnessed through the collages shared by them celebrating this day.

7th June 2021

WORLD FOOD SAFETY DAY

Every year on 7th June, the 'World Food Safety Day' is observed as per the World Health Organization (WHO). It is observed annually to raise awareness about food-borne risks and help prevent, detect, and manage diseases, in essence contributing to sustainable human development through proper food security. This year's theme was- 'Safe food now for a healthy tomorrow'. With this theme, the WHO stressed on production and consumption of safe food that has immediate and long-term benefits for the people, the planet and the economy.

Keeping this in view, the students celebrated the day by making posters portraying various activities ensuring food safety and by creating collages showing hygienic and healthy habits before cooking food and eating. Active and enthusiastic participation by the students can be witnessed through the images attached below

12th June 2021

World Day Against Child Labour

Streets are no place for a child, yet there are more than 2 million child labourers across the country; each one of them living a burdened life deprived of the joys of living!

"Let's nurture their dreams, provide them hope and pull them out from poverty and banishment"!

**WORLD DAY
AGAINST CHILD LABOUR**

With this noble aim to save childhood of many deprived children, *'World Day Against Child Labor'* is celebrated on 12th June every year. To support the same, the students of N. K. Bagrodia Public School, Dwarka

designed posters on ‘Causes and Methods of Eradication of Child Labour’ demonstrating their creative views. They also wrote slogans on “ways to stop child labour” and to spread awareness in the society regarding the same. Students actively participated and shared their emotions through the aforementioned activities.

14th June 2021

World Blood Donation Day

The World Blood Donor Day is observed on June 14 every year with the objective of raising awareness of the need for safe blood and for showing gratitude to blood donors for their voluntary life saving gifts of blood. To support this noble cause a number of initiatives were taken to spread awareness including the following activities :

- * Awareness Song
- * Poster Making
- * Slogan Writing/PPT
- * Doodles/Animations
- * Enactment/ Informative short video clippings to create awareness about it.

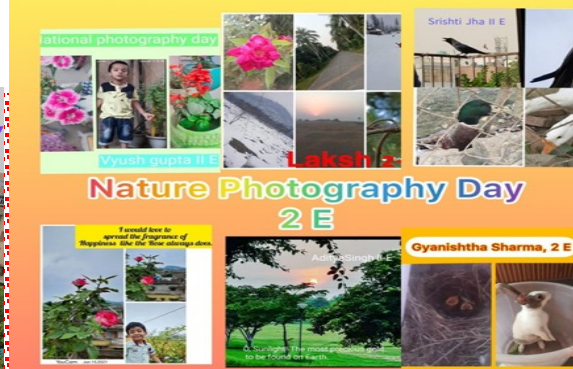

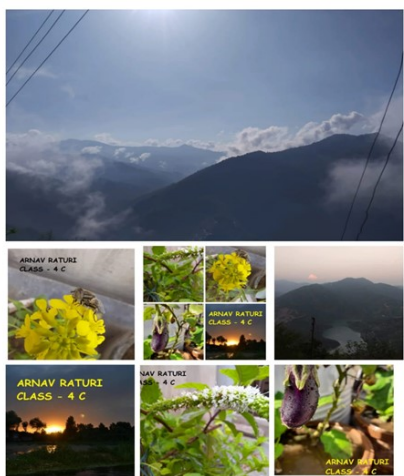

15th June 2021

NATURE PHOTOGRAPHY DAY

"To walk in nature is to witness a thousand miracles. The Earth laughs in its flowers."

The natural world is full of heavenly and amazing wonders and it is important for us to embrace it as much as possible. The school observed **Nature Photography Day on 15th June, 2021** as a way to encourage people to learn and enjoy capturing the beauty of nature through their cameras. This day also promotes conservation through photography. The students also celebrated the day with a walk into the nature to witness a thousand miracles through their cameras and capture those mesmerizing moments. They used natural light to enhance the photos. The young Bagrodians loved getting close to the natural world as it was clearly evident through the pictures shared by them.

17th June 2021

Desertification and Drought Day

Desertification & Drought Day

17 JUNE 2021

Restoration. Land. Recovery.
We build back better with healthy land

The World Day to Combat Desertification and Drought was observed on 17th June by young Bagrodians. In 2021, the theme of this UN designated event is “Restoration. Land. Recovery”. We build back better with healthy land”. It was aimed at highlighting the need of turning degraded land into healthy land through various restoration measures. Restoration is expected to bring economic resilience, encourage job creation, raise incomes and increase food security. It will also contribute to the recovery of biodiversity.

The objectives of Desertification and Drought Day were-

1. To promote public awareness about the issue.
2. To let people know that desertification and drought can be effectively tackled, that solutions are possible, and that key tools to this aim lay in strengthened community participation and cooperation at all levels.
3. To strengthen implementation of the United Nations Convention to Combat Desertification.

Virtual tours were conducted and posters and e-posters were made by students to spread awareness about combatting Desertification.

18th June 2021

INTERNATIONAL PICNIC DAY

"A picnic is more than eating a meal, it is a pleasurable state of mind and can be made anywhere."

Life is a journey filled with lessons, hardships, joys, celebrations and special moments that ultimately lead us to our destination of life. Under changed circumstances, the school activities and education were

brought to their homes and that helped in keeping them involved in order to hone their skills. To maintain the level of interest in the class, unique student-centered methodologies were designed and VIRTUAL TOUR was one of them. A virtual tour is a simulation of an existing location, usually composed of a sequence of videos or still images. Encouraging such thoughts, the little munchkins of classes I to III took part in the activity and delighted us by sharing all their knowledge on Delhi's theme park 'WASTE TO WONDER'.

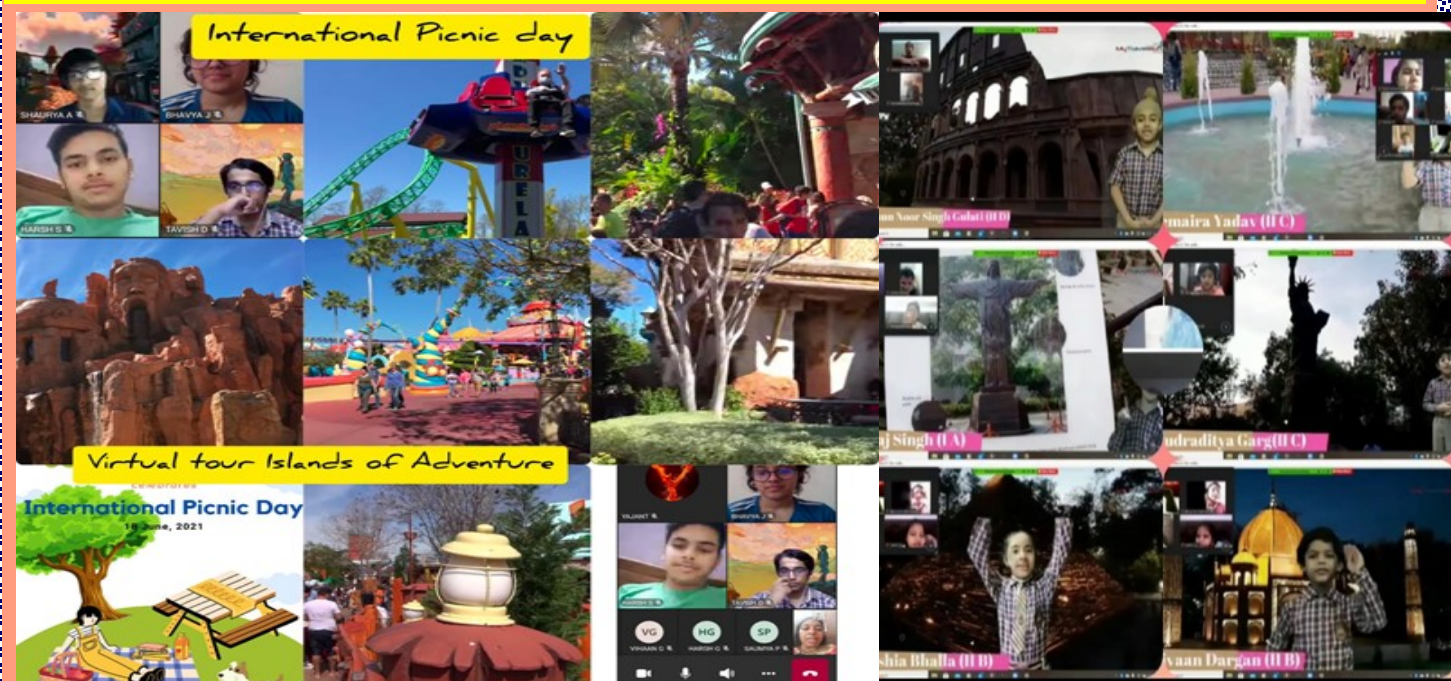

18th June 2021

Picnic with a fresh air...Virtual trips and party fair!

A virtual tour organized on 18th June which is also celebrated as **International Picnic Day** to encourage everyone to go out and spend an amazingly easy and stress-free day with their loved ones. It's an opportunity for us to take a break from our daily routine and enjoy some time in the great outdoors. However, due to Covid, several restrictions were posed, so, virtual trips turned out to be the way of doing picnics like several other activities were moved online. The visit aimed at familiarising the students with ways in which waste material is reused and recycled and the importance of 3 R's **Reduce, Reuse and Recycle**. Students had a great time watching the virtual tour as it was beautifully presented by the students.

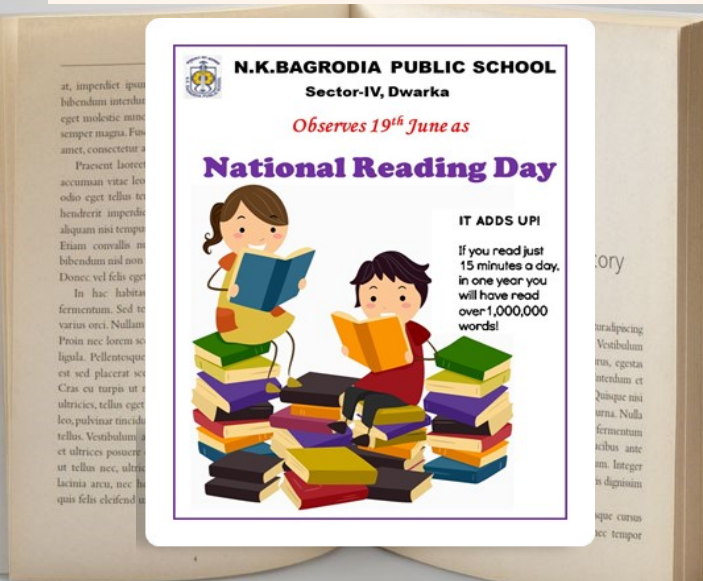

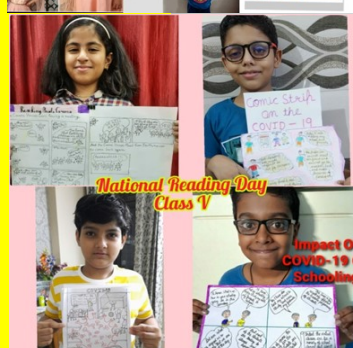

Visiting Waste to Wonder theme park virtually offered incredible learning opportunities while bringing family and friends together. At the same time, the students got to know about the seven wonders of the world. After the virtual tour, a quiz was shared with the students in which they participated enthusiastically. The purpose of organizing such virtual tour on International Picnic Day was to make them enjoy with their friends. The students dressed up specially for the virtual visit and also kept their favorite snacks ready. Students enjoyed online singing and dancing. While having a fun day exploring the seven wonders of the world, kids also developed valuable skills and obtained priceless knowledge. Hence, this virtual trip turned out to be exciting and entertaining.

19th June 2021

NATIONAL READING DAY

**"The more that you read, the more things you will know.
The more that you learn, the more places you'll go"**

National Reading Day is observed in our country on 19th June every year since 1996 and is marked in the honor of the father of the library movement, late Shri P. N. Panicker. The main objective behind the celebration is to mark the importance of reading in one's life and inculcate the habit of reading. This year, the young readers also celebrated by participating in various activities that motivated them to develop reading habit.

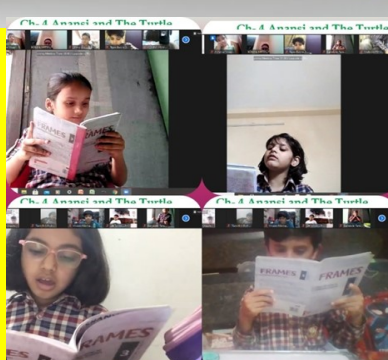

CLASS I - Dress up as any of your favorite fairy tale character and click your photo along with that fairy tale book.

CLASS II - MY PICTURE BOOK- Design an illustrative picture book with pictures of the story characters you have read.

Class III - BOOK MARK MAKING - Design a bookmark with a slogan on 'READING MAKES...' written on it.

CLASS IV - MY READING TREE - On a cut out of a tree, paste leaves (each with names of books read by you).

CLASS V - ARTISTIC STROKE - Make a comic strip on the theme COVID-19 and its impact on our schooling.

Students were also engaged in the online reading session on the day. Active participation by the students was witnessed and they also showcased creativity at its best. Following activities were conducted for classes:

Class VI - Make a ppt or design a poster with a slogan highlighting the importance of reading on 'National Reading Day'.

Class VII - Prepare a list of five *Inspirational Books* that students must read and give a small introduction in the form of a video of any one book out of those five/Design a *T-Shirt Book* *Report* to the book you just read and wear it whenever you present your book report. Use an old or rough T-Shirt and choose any of your favourite book and send images of T-Shirt Book in a single frame or make a video of it.

Class VIII - Make a *Book Jacket* to entice the readers in showing them highlights of the book (Book and Author's name, theme, Characters, Settings in words and pictures/Capture a video of a *Virtual Tour of a Library*. You can choose any interesting book of your choice. Teachers discussed important tips of reading at the end of their classes on 19th June (For five mins only).

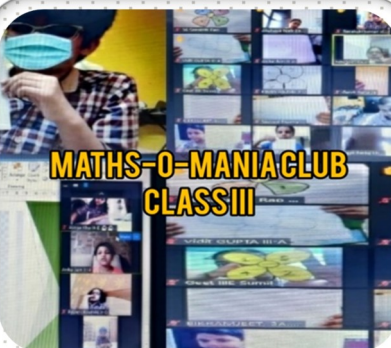

19th June 2021

CLUB ACTIVITIES

A club is an association of people united by a common interest. All the students must gain practical experience in the course of their academic education. The concept of club is seen as an opportunity for adaptation in the group, forming lifelong habits and cultivating a voluntaristic spirit. Club activities supplement academics and provide practical training to the students which they require in day-to-day life. In our school, various club activities were organized giving an opportunity to the students to develop their talent and hone their skills.

20th June 2021

WORLD REFUGEE DAY

"A refugee is someone who survived and who can create the future."

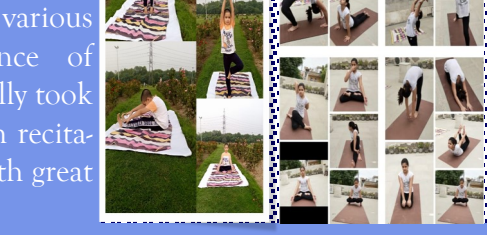

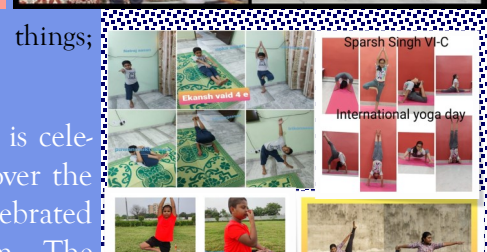

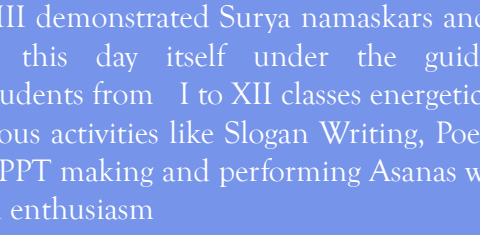

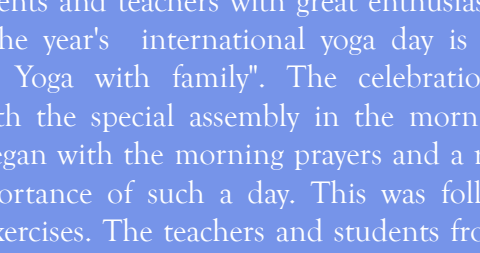

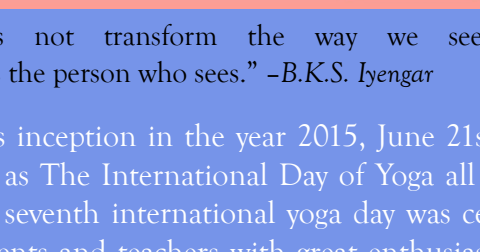

World Refugee Day is an international day organized every year on 20 June by the United Nations. It is designed to celebrate and honor refugees around the world. The day was first observed on 20th June, 2001 in recognition of the 50th anniversary of the 1951 Convention Relating to the Status of Refugees. 2021 World Refugee Day theme: ***Together we heal, learn and shine***

To support this noble cause, the students of primary wing took the initiative to spread awareness amongst their peers by conducting the activities like awareness songs, Poster/ Painting on Diverse community paper chain, a short PPT / poster designing with slogan on "World Refugees Day", enactment/ recording informative short video clippings on "Connect with your community"/short musical video on "Life in Refugee Camps" etc. The day encouraged kindness, understanding and empathy by engaging our students in the aforementioned activities.

21st June 2021

INTERNATIONAL YOGA DAY

"Yoga does not transform the way we see things; it transforms the person who sees." –B.K.S. Iyengar

Since its inception in the year 2015, June 21st is celebrated as The International Day of Yoga all over the world. The seventh international yoga day was celebrated by the students and teachers with great enthusiasm. The theme of the year's international yoga day is "Yoga at home and Yoga with family". The celebrations commenced with the special assembly in the morning. The assembly began with the morning prayers and a reminder of the importance of such a day. This was followed by warm up exercises. The teachers and students from grade VII and VIII demonstrated Surya namaskars and various asanas on this day itself under the guidance of Mr.Raju. Students from I to XII classes energetically took part in various activities like Slogan Writing, Poem recitation, Quiz, PPT making and performing Asanas with great passion and enthusiasm

The activities of the day sought to raise awareness that Yoga helps us stay committed and dedicated to our personal growth and the practice is a reminder of how powerful we are when we are united within ourselves.

21st June 2021

INTERNATIONAL FATHER'S DAY

"A father is neither an anchor to hold us back, nor a sail to take us there, but a guiding light whose love shows us the way."

A father is that one friend upon whom we can always rely. In the hour of need, when all else fails, we remember him upon whose knees we sat as a child and who soothed us in our sorrows; and even when he may be unable to assist us, his mere presence serves to comfort and strengthen us.

The first superhero any child meets in their life is their father. For every person, the father is the symbol of strength who binds the entire family together. A father works day and night tirelessly to support the whole family economically and morally. If any child is in trouble, the first person a child remembers is his father. This shows the importance of a father in one's life.

To give respect to his hard work, we celebrate **Father's Day** on the 3rd Sunday of June every year all around the world with pomp and glory.

This year, however, is different than most due to covid19 outbreak. Still, our special men – dads, grandpas, uncles, and so forth – deserve to be celebrated in a big way, which is why great activities were rounded up for the students of primary wing.

Class I: BADGE MAKING activity-Prepare a simple badge titled 'MY DAD MY SUPERHERO'

Class II: Make a "GREETING CARD" for your favorite Super Hero using waste material

Class III: Make a personalized "SUPERDAD CARICATURE" piece of artwork for your favorite Super Hero!

Class IV: Write a beautiful poem on your Father.

Class V: "Cooking without fire" - Prepare a sumptuous meal for your Superhero.

A common activity was given to students of Classes VI- VIII which was to create a cute finger painting with a crayon that portrayed 'I Love My Dad'. Students exhibited their love and care for their fathers through these activities which was quite heart touching and overwhelming. They displayed their emotions by enthusiastically participating in these activities and the day was celebrated with great fervor where they got to spend time and have fun with their dads.

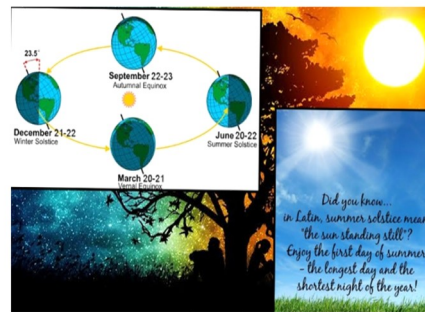

21st June 2021

Summer Solstice Day

The summer solstice, also known as estival solstice or midsummer, occurs when one of the Earth's poles has its maximum tilt toward the Sun. It happens twice yearly, once in each hemisphere

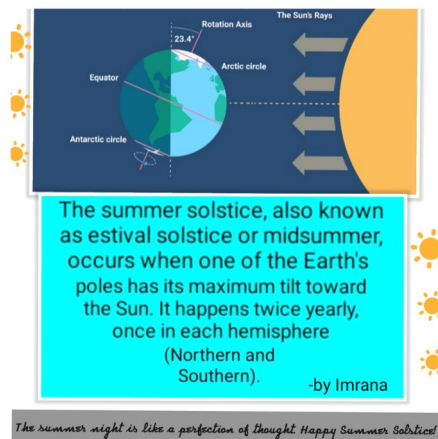

Fun Ways to Celebrate the Summer Solstice

Summer solstice day is observed on 21 June every year. Students participated enthusiastically in designing posters, writing slogans, quizzes, ppts, short videos, raising awareness about the longest day of the year. The students tried to unfold the mysteries how sun directly over the tropic of cancer leads to the world's longest day. Interactive lessons were held to explain the occurrence of this phenomenon. Various facts related to Summer Solstice were a part of discussion. The students took part in the same. It was surely an engaging concept to talk about.

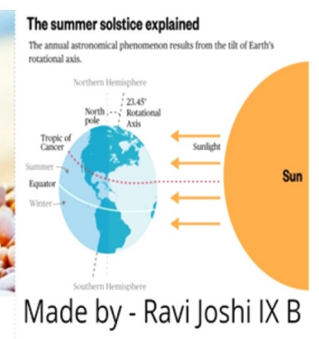

THE SUMMER SOLSTICE IS THE DAY WHEN THE SUN TRAVELS ITS LONGEST PATH THROUGH THE SKY AND REACHES ITS HIGHEST POINT.

IT'S THE OPPOSITE IN THE SOUTHERN HEMISPHERE, WHERE JUNE 21 MARKS THE START OF WINTER AND THE SHORTEST DAY OF THE YEAR.

The summer night is like a perfection of thought Happy Summer Solstice!

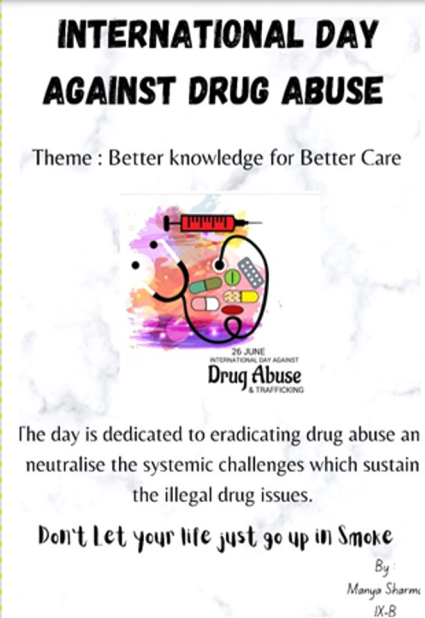

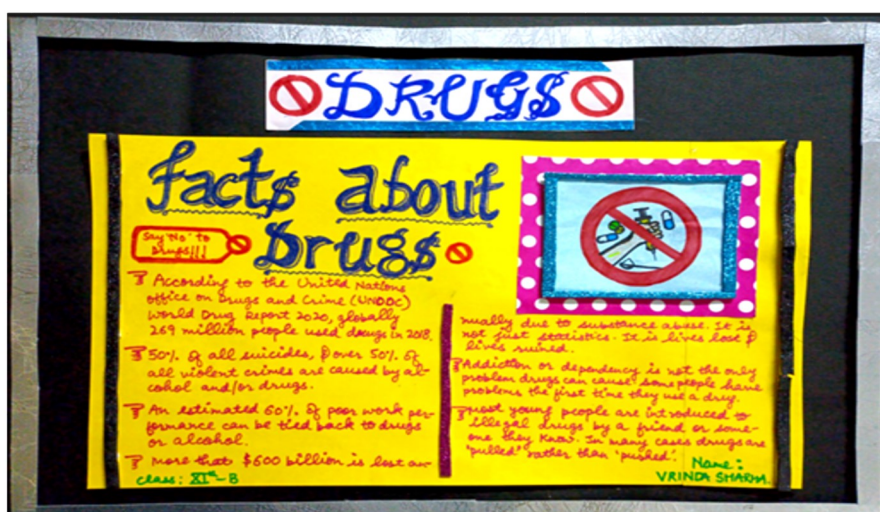

26th June 2021

World Drug Day

The International Day Against Drug Abuse and Illicit Trafficking", also known as 'World Drug Day', is celebrated annually on June 26. The theme of World Drug Day 2021 is "Share facts on Drugs, Save lives." *International Day against Drug Abuse and Illicit Trafficking* is an expression to strengthen action and cooperation to achieve the goal of an international society free of drug abuse. It aims at combating misinformation and promotes sharing the facts on drugs – from health risks and solutions to tackling the world drug problem, to evidence-based prevention, treatment, and care.

COVID-19 has brought unprecedented public awareness on health, protective measures for staying healthy, and most importantly on protecting each other. A growing sense of global community and solidarity continues to emerge, as does the need to ensure health care for all.

Various activities were undertaken to celebrate the same including creation of posters and paintings, short PPTs, short videos to connect with the community and a short video against drug abuse. The event was highly informative and the efforts put in by the students and the teachers were appreciated by all.

Trishna Summit 2021...

A Journey in the Quest of Knowledge

N.K. Bagrodia Public School, Dwarka hosted Trishna -A Students' Conclave 2021. The Annual School Fest was held on a virtual platform with a new vision and perspective in a unique incarnation. It was celebrated with an array of competitions at different levels from classes IV to XII with an initiative to provide an opportunity to 400 students from 31 prestigious schools of Dwarka and neighbourhood to showcase their acumen. Trishna is a journey in the quest of knowledge for the mind, to tap the inner talents and enkindle the light of knowledge and creativity of students with a motto to cap the unhealthy cut throat competition. The icon of Trishna is 'Zorba -The Buddha' whose feet are firmly rooted to the ground yet whose hands can touch the stars, conveying the message 'If you can dream it, you can do it'. The Finale of the Fest was held on 26th June 2021. It commenced with the invocation of blessings from the Almighty and lighting of the virtual ceremonial lamp. A captivating dance performance 'Saraswati Vandana' by the young danseuse added an enthralling touch to the ceremony. The Culmination Ceremony witnessed an amazing event Jashn-e-aina wherein 28 schools participated and showcased an incredible rendition of their competencies. The school Principal Dr.(Mrs.) Rajee N Kumar welcomed the judge of the event, Dr. Arun Sharma and all the invited participants. She also addressed the august gathering with her inspiring speech. The event was also graced by Dr. S.K. Bhattacharya, the director of NKBPS group of schools who extolled the efforts of the participants as every entry was delightful to watch. The Fest was a unique blend of creativity, thinking and innovation. At the end of the event, the Vice Principal, Ms Anjali Kharbanda proposed the Vote of Thanks and appreciated all the participants for their exemplary performance. The grand success of such events inspires the school to achieve greater accomplishment and scale new heights in the years to come.

Following is a brief report of all the events held as a part of the Summit:

1. Quester

Science is fun. Science is curiosity. We all have natural curiosity. Science is a process of investigating. It's posing questions and coming up with a method. It's delving - Sally Ride

Highlighting the theme of 'Science in Everyday Life', 25 schools participated in the competition- "Quester" for class VIII where they demonstrated experiments using materials available at home and easy to handle, based on the following scientific principles- atmospheric pressure, centre of gravity, pressure difference, Tyndall effect, acids, bases and indicators, Persistence of vision, percentage of alcohol in sanitizer, chromatography, electrolysis, Hydraulic pressure, adhesive and cohesive forces. The participants sent their spectacular videos through You tube. Arshdeep Kaur of S D Public School, Dwarka bagged the First position.

2. Jashn-E-Aaina

The live event 'Jashn-E-Aaina'(class IX & X) for the igniting and budding RJs (Radio Jockeys) to showcase their talents. This time approximate 28 schools came forth to participate.

'Jashn-E-Aaina' celebrated the various real-life stories that people have either experienced or heard. The name of the event even refers to showing gratitude to life and thanking it for its cheerfulness. Mr. Arun Sharma was adjudging the event and was delighted to see the enthusiasm of the students from various schools. Each team in the event was given five minutes span in which they had to come forth and present their story to the audience. Each team comprised two to three participants- two of them were Radio jockeys and one acted as a guest in the radio show. The theme for the event was 'Koshish karne walo ki kabhi haar nahi hoti, meaning -'those who try, never fail'. The students brought forth various stories which were more of an eye opener and depicted the aspect of the theme quite vividly. The team of Sathi V, Prakhar and Sagar of BGS International School secured the First position on the basis of their delivery and diction which was magnificent and lauded by the judge.

3. ART BEAT - "Best out of waste using waste material"

"The aim of art is not to represent the outward appearance of things, but their inward significance" - ARISTOTLE

Art beat focused on the young, innovative minds to create the sense of extreme understanding of a dutiful future generation to conserve environment. Through their imaginative creations, the participants highlighted the significance of waste management and inculcation of a sense of respect for the mother nature. Almost 26 schools participated and showcased their aesthetic sense by transforming waste materials like plastic bottles, broken bangles, pencil shavings, CD, aluminium foils etc. into marvellous craft items. Short video of 2-3 mins were uploaded by the them on You tube. The judge of the event Ms. Kiran adjudged Kunjika from N KBagrodia Public School, Dwarka as the winner and appreciated her creative sense.

Trishna Summit 2021...

A Journey in the Quest of Knowledge

4. Budding Designer-Board Game Design Competition

Mathematics is a subject that requires precise thinking. When this skill is combined with application and creativity, the subject comes alive for learners. With this in mind, the school organized 'Budding designer', an Inter-School Board Game Design competition based on mathematical concepts. Overall, 24 schools participated in the competition. The students of class V demonstrated their math finesse and creativity with great enthusiasm. Each participant designed a board game using the mathematical concepts. On the basis of the judgment criteria -Originality, Concept Clarity, Innovation and creativity, Aadya Gupta from Cambridge Foundation School won the First prize.

5. ATULYA BHARAT-VIGYAN AUR VIKAS- A PROMETHEAN MULTIDISCIPLINARY EVENT.

IT+IT=IT; INDIAN TALENT+INFORMATION TECHNOLOGY=INDIA TOMORROW.

"India has seen a dream of digital India. From latest science to latest technology, everything should be available at top of one's finger."

Staying at home during the spread of pandemic has made people believe in the fact that nothing resides in hands of power and privilege. Everything is temporary except change. Everyone is trying to find escape in whichever thing they find productive; be it becoming a chef, reader, dancer or making something creative.

Total of 22 schools participated in the event. Students of class X and XI were eligible to participate in the event with an uninterrupted video of 3-4 minutes on the theme with original content and special impetus on science and social science. The judge of the event Ms Sangeeta got truly mesmerised with the students' enthusiasm.

The 1st prize was bagged by Ruhansh of Central Academy International School.

6. ECO-INNOVATION

"Business needs to go beyond the interest of their companies to the communities they serve" - RATAN TATA

With each passing day, we are inching towards an uncertain world. There is no doubt that the dynamic business environment has caused havoc for many businesses, but if explored, this environment can also offer enormous opportunities for budding entrepreneurs. Also, the need of the hour is sustainability. Socio marketing philosophy must be inculcated in businesses. So, this year, an innovative initiative was taken by the school to bring sanity and discover talent of budding innovators in the form of an event. Total 22 schools participated in the event. Students of class XII were eligible to participate in the event with a video of 3 minutes on the theme where they Designed a product (good or service) keeping in mind the current challenging environment, using eco-friendly inputs and presented its feasibility and marketing strategies through a PowerPoint presentation with original content. The first Place in the competition was bagged by Parshita Mittal, Ishita Aggarwal, Radhika Jindal, Misha Kalia of N.K. Bagrodia Public School, Sector-9, Rohini. Second and third position was secured by -Paramount International School and MBS International School.

7. PLANET EARTH - ALIEN DE TOUR

Planet Earth - Alien De Tour Event was conducted with a view to create awareness about the pitiful plight of the planet Earth as it is facing the global health crisis which is causing unprecedented human suffering, upending people's life and triggering a downfall in the global economy. So, the young scholars of class IV put on their ALIEN SUITS and articulated on the unprecedented destruction due to the unfortunate condition on the Earth. This event was a blend of learning and fun. 26 schools participated in the event. Every participant showcased their innovation and creativity while exploring this area of interest. Ms. Tulika Sinha, a CELTA qualified ESL trainer was the judge of the event. She was overawed to witness the enthusiasm and zeal of the budding artists who presented their talents. She assessed all the entries meticulously and adjudicated Yaana Dalal of Indraprastha International School, Dwarka as the best performer.

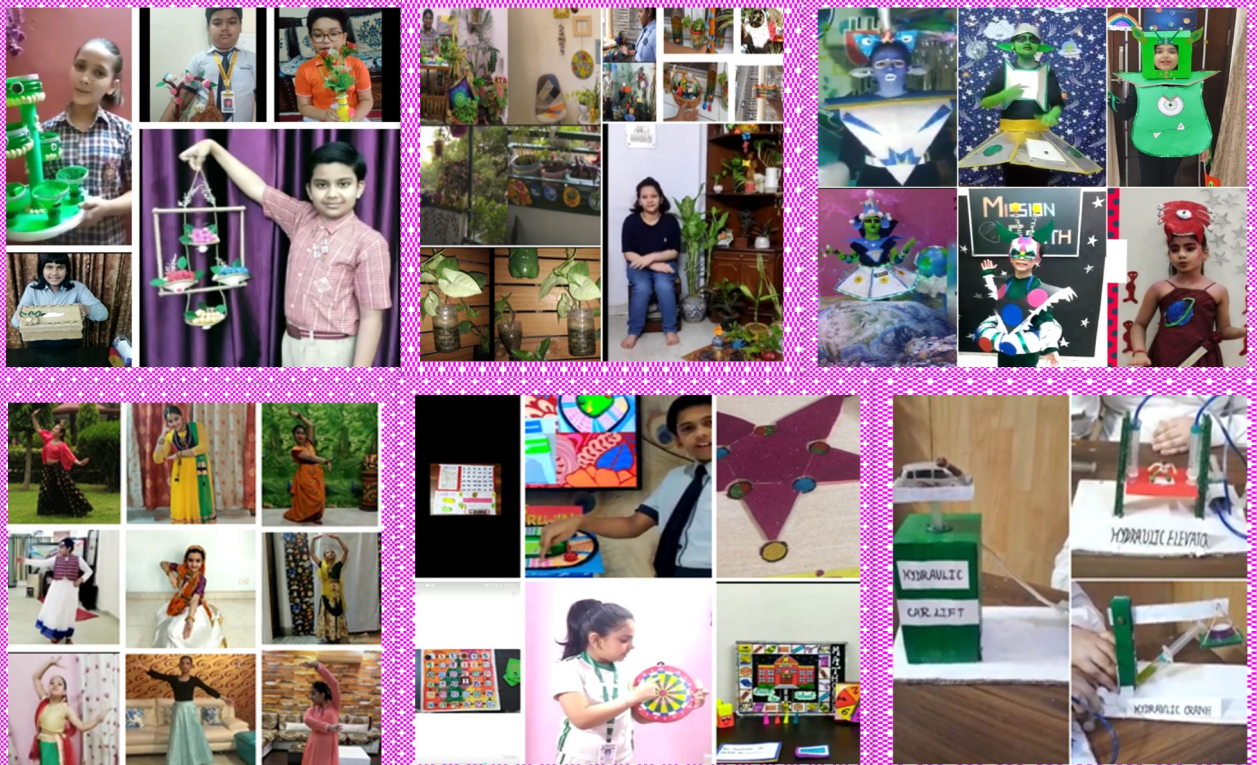

8. NRITYANJALI "Put music to our troubles and we'll dance them away" Aaron Weiss.

'Empathy' - a word to behold when things don't fall into their right places. Staying at home during the spread of pandemic has made the people believe in the fact that nothing resides in the hands of power, privilege and passion. But what can be a better escape than dancing away your troubles to the tunes of unity. India has shown itself to be a true friend and a blessing in disguise to its numerous neighbours. NRITYANJALI - a Fusion Dance event was created to enable the participants to showcase their talent through a video including the explanation of their chosen dance form. Ananya Parayadil Sreehesh from Indraprastha International School secured the First position.

9. Vanmitravali 'NATURE IS THE ART OF GOD.'

Keeping this theme in mind 21 schools participated in interschool competition Vanmitravali and the students demonstrated explicit creativity in creating cozy spaces. They discussed how plants bring natural beauty to our living spaces. It was open for all students who showed great creativity and beautifully decorated their spaces. They used innovative ways to decorate with biodegradable materials, empty cans, bottles, egg shells etc and bring their spaces to life. They emphasised that our very basic needs are food, cloth, and shelter and it is quite true that these three basic needs cannot be fulfilled without plants.

30th June 2021

World Asteroid Day"

World Asteroid Day is observed globally every year on June 30. Students participated in the same by designing E stamps, posters, quiz, sharing informative video clips enthusiastically in order to raise public awareness about the asteroid's hazardous effect and the measures that should be taken in case of a near-earth object threat. The students discussed the importance for the same in various interactive sessions being designated as the anniversary of the Tunguska impact over Siberia, which happened in 1908 by the United Nations General Assembly. It was also informed that Tunguska is the largest asteroid that affected the earth.

Sometimes changes in forces in space cause their orbit and move

ATAL Tinkerpreneurship 2021

Our school, NK Bagrodia Public School, sector 4, Dwarka provided the students an opportunity to participate in ATL Tinkering bootcamp. It was a two-month long summer boot camp which assisted each student in developing key digital skills and frameworks to create their own online ventures. It provided the students with a thorough introduction to entrepreneurship. The students had access to repository of digital skills, DIY content, simple assignments- all to help them in creating their own digital products. The main objective behind the boot camp was to provide aid to the students in terms of knowledge-enhancement which would ultimately help them in start-ups even while being a student in a school. In the camp, they were informed about certain lines of products, their ways of creating, selling and other aspects, creating a marketing campaign, and learning business skills. A certificate of participation was bestowed upon each student and teacher who participated in the camp. The camp thus, helped the students in thinking beyond the box, helped the students in gaining a platform to showcase their skills and mastering the art of becoming self-reliant.

BAGRODIA TOWNHALL SEASON 2.0

N.K. Bagrodia Public School, sector 4, Dwarka organised Townhall Season -2.0. It is with great honour that various informative and innovative treats are offered to the students via great spokespersons. Every week, Monday, the school conducts a townhall session with fresh air of knowledge and information. The students and parents get to learn varied forms of yoga, artistry skills and some brainstorming lectures. Given below is just a nutshell of various sessions conducted throughout the month of June.

June 7th 2021-

The speaker of the session was Mr Manoj Madhavan Kutty, Director-Admission & Int. Relations, SRM University. The theme of the session was 'Things to Grow in Life'. The speaker began the session highlighting the important factors we need to grow in life. He listed them as 'Acceptance', 'Curiosity', 'Kindness', 'Empathy' & 'Humility'. Mr Kutty focused on the difference between Empathy & Sympathy and emphasised on its significance in one's life. He told the young kids that humility is the soul, curiosity is the mind, empathy is the heart, humility is how you value yourself, curiosity is how you value your others, empathy is how you value the bonds between yourself and others. Mr Kutty concluded his session by showcasing a story of Buddha which showed the learning of "Believe in your dreams and go after them with all your capacity". The session comprised of 175 attendees and was a stepping stone to provide a platform to the young kids to understand the valuable traits required to grow in life.

June 14th 2021-

The speaker of the session was Prof Narendra Mohan Mishra. The theme of the session was 'Never Give Up'. The speaker took us on a journey down the memory lane and narrated his own life story, his mother's management skills par excellence irrespective of the fact that she was illiterate, her unrelenting determination and discipline. He guided the students further to imbibe the traits of Time Management and developing the mechanism of planning. He encouraged the students to read about Marie Parker Follett, the mother of management and a famous Vietnamese author. He particularly talked about her book—Old Path White Clouds. He recited the Sanskrit shlokas spreading the values of how to be a responsible human being by removing the negative traits. The session comprised of 120 attendees and provided valuable insights into the journey of a successful academician who contributed his success to the values of hard work and perseverance.

Season-2.0

On
International Yoga Day

with

Ms. Babita Gupta
Yoga Trainer from Choti si Khushi NGO

On 21st June, 2021 at 5:00 p.m. on MS TEAMS

Theme-- "Yoga is the journey of the self, through the self, to the self."

The speaker of the session was Ms Babita Gupta, yoga trainer and a social worker. The theme of the session was 'Importance of Yoga in daily life' on the occasion of 'International Yoga Day'. The speaker stressed on the meaning and importance of yoga in our daily life. She said when one thinks about yoga, one immediately links it with the exercise. On the contrary, it is an ancient Indian Science which can help us to deal with stress, anxiety, obesity, headache, eyes pain & depression. The speaker demonstrated few of the beneficial asanas and instructed the students to follow her. She showed Pranayam, chanting of om, kapalbhati, anulom vilom, bhamri pranayama. The session comprised of 155 attendees & was a stepping stone to provide a platform to the young kids to understand the valuable yogic traits and proved the fact that the hectic life style can be dealt with Yoga only.

June 28th 2021-

The speaker of the session was Ms Meenu Nakra-a yoga trainer and a social worker for Art of Living. The theme of the session was - 'Immunity, Concentration & Yoga'. The students were informed simultaneously that how Aerobics help in concentrating on their breathing. She demonstrated the Bhastrika pranayama & discussed its benefits in detail. Ms Meenu later demonstrated few more Asanas highlighting the poses along with their significance such as cat pose, cobra pose, elephant pose & boat pose. She also demonstrated a few eye exercises and stressed on their importance keeping in view the extensive screen time due to pandemic. The Yoga session was concluded with the Shavasana which relaxed the body & the mind of the students. The session was attended by more than 120 students along with their parents & siblings.

On MS Teams

Date: 28th June, 2021 Time: 5:00 p.m.

The vote of thanks was presented by the principal of the school after each session. She appreciated the enthusiastic kids who followed the speakers wholeheartedly. These sessions are a part of the efforts of the school to ensure moral and mental well being of all its stakeholders in such difficult times.

In-House Webinars by NKBPS Educators

The beginning of knowledge is the discovery of something we do not understand.” We, educators at NK Bagrodia Public School, sector 4, Dwarka ensure that the knowledge gained is always shared and imparted amongst their colleagues. It is through such webinars that the teachers are able to get hands-on information about varied topics and help them utilize the same in their classroom teaching. Every time, the colleagues come forth and assist each other in becoming better each day. Keeping in mind the same, a series of In-house webinars were organized for enhancement of educators.

Project Based Learning/Inquiry Based Learning:- The speakers of the session were Ms. Manjula Goel and Ms. Anjana Nagrath. The session was conducted on 26th June 2021 at 11:00 am. The webinar commenced with an aim to enhance knowledge about project-based learning or inquiry-based learning. It started with the description of various scientists and their contribution in the field of science. The use of common household materials to create cost effective models was also discussed in which the teachers too, shared their experiences. The webinar provided an opportunity to understand experiential learning, actively engaging students in the process of learning. It also served as a platform for peer learning by discussing and disseminating various strategies to implement the same in classroom teaching.

Integration of technology in education- The speakers for the session were Ms. Manju Gupta, Ms. Shweta Tulsyan and Mr. Sujit Kumar. The session took place on 26th June 2021 at 09:30 am on Microsoft teams. The webinar aimed at focussing and bringing the various technological models and medias into use. The discussion of certain aspects faced by the teachers while conducting examinations or tests and the barriers in smooth functioning of the same were discussed. Various alternative medias were discussed in detail with the educators. The availability of new technologies in the classrooms such as podcasts, social networking, class blogs and interactive whiteboards, thus help the students in becoming competent in 21st century education. The Blended Learning approach was discussed in detail and how this is crucial in today's education.

Competency Based Learning- The key speakers of the session were Ms. Seema Phogat and Ms. Komal Mittal. The session was conducted on 26th June 2021. As known, “Competence is a great creator of confidence.” With this notion, the session commenced highlighting the need to ensure proficiency in the learning process, regardless of the pace of the environment. This method is tailored to meet different learning abilities and can lead to more efficient student outcomes. The key concepts that make up the competency-based education include demonstrated mastery of a competency, meaningful types of assessment, individualized support for students, and the creation and application of knowledge. Students are more engaged in the material because they have ownership over their learning. They are empowered because they have control over when, where and how they learn. This kind of approach helps students to use and improve many of their emerging skills like high order thinking skills, independent learning, excitement and motivation, critical thinking, creative thinking, communication skills, social skills etc. This webinar highlighted the ways the teachers can implement CBE in their classrooms to help the students to develop competencies and gain mastery over their learning.
