SECTOR-IV, DWARKA, NEW DELHI

"Child is the father of man" (William Wordsworth, (1802) wherein, each experience shapes the spirit and character of the growing mind. Schools are not only the elixir, but also an anvil, on which the poetry of metamorphosis of each child plays out. Skillfully sculpted experiential learning has proven to be like manna dew from heaven, ensuring the growth of thirsty young minds by leaping and bounds.

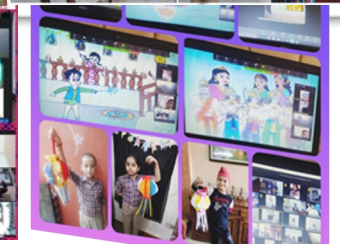

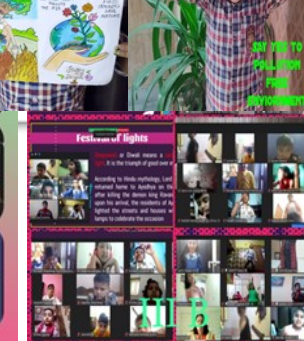

The activity calendar of each month, launches many a ships on voyages of discovery and invention. The month of November, began with a bang with Diwali. Many activities were organised, which centered around the significance, values and character enhancing potential of the symbols associated with the festival. These multifaceted learning experiences instilled learning outcomes for all. Believing in the true spirit of education, our school conducted activities for all wings, on the occasion of National Education Day which is also called the Constitution Day. It was celebrated enthusiastically by students. They made Posters, Slogans, Information ppt and video celebrating the true spirit of the Constitution.

Guru Parab was celebrated, by organizing a spectacular assembly where children of junior, middle and senior wings, shared a composite stage online with teachers to present the sayings, preachings, songs and teachings of Shree Guru Nanak Dev Ji. The soothing sounds of Shabad kirtan launch an ever widening and all encompassing ocean of peace and tranquility. These activities ensure that even though children are sequestered at home due to COVID but, nothing can stop them from dreaming and growing as "their souls live in the house of tomorrow" (Khalil Gibran).

ECO FRIENDLY DIWALI CELEBRATION-2 NOV.

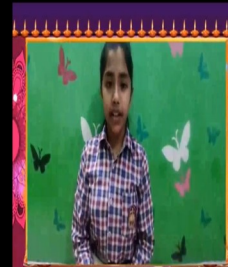

Diwali, also known as Deepawali, is the Hindu festival of lights which is celebrated by Indians all over the globe. The festival gets its name from the row (*avali*) of clay lamps (*deepa*) that Indians light outside their homes to symbolize the inner light that protects from spiritual darkness. It's a five-day celebration that includes good food, fireworks, coloured sand, and special candles and lamps. Diwali is also a time to gift something special for family and friends. This Diwali, the students decided to go green. They planted saplings in their society and also gifted beautiful plants to their loved ones. Plants make a lovely Diwali gift and a token of love towards the nature and remembrance that would last in the memories of the receiver for a lifetime. Plants make a strong bond of affection, care and humanity amongst all. Not only this but the students also made Diwali festival special by sharing happiness in the form of gifts, chocolates, books etc., thus, bringing a smile on their faces. Such little efforts brought happiness and a positive effect in their lives. Diwali celebrations aren't complete without a touch of tradition. Reflecting their creativity and artistic skills, the students of various grades enthusiastically participated in making diyas using dough, eco-friendly rangoli with saw dust, rice, turmeric powder, flowers, leaves, pulses, eco-friendly Diwali posters, spreading the message to celebrate pollution free Diwali, greeting cards using waste material etc. They also made paper bunnings, paper lanterns and decorated their houses with them. All the students showcased their talent with great zest and zeal. A Virtual Diwali Connect Programme was organised for the students on 2nd November, 2021 wherein they displayed their magnificent artefacts created in their art class. They were clothed in traditional attire. A power point presentation on eco-friendly Diwali was also exhibited. The children had a great time and interacted vigorously. They whole heartedly took a Green Diwali pledge too, vowing not to burst crackers, to use traditional diyas instead of electric illumination, to keep home and surroundings clean, to distribute sweets and clothes to the less privileged. Last but definitely not the least, they pledged to follow all the protocols related to the unprecedented time. Looking at their passion while taking the pledge, we could undoubtedly say that our country will be in safe hands in the years to come.

CHILDREN'S DAY -14 NOV.

CHACHA NEHRU

Children are the world's most valuable resource and its best hope for the future.

Children's day is an annual event celebrated on November 14 to mark the birth anniversary of India's first Prime Minister Pandit Jawaharlal Nehru. Pandit Nehru was born on this day in 1889 and this year, the country celebrated his 132nd birth anniversary. Fondly known as Chacha Nehru, Pandit Nehru was quite popular among children and shared a special bond with them. After the death of Jawaharlal Nehru in 1964, a resolution was passed in the Indian Parliament to celebrate November 14 as Children's Day. On this day, schools across the country conduct various events for children like drama, fancy dress competition, and picnics. In some schools and institutions, children also give speeches. To commemorate this special day, various events were conducted for the students to make the day memorable for them. The students danced to the tune of the music with their parents. They also cooked their favorite dishes along with their parents. Few of them showcased their talent by dressing up and enacting as their favorite superhero/role model/idol and spoke a few sentences about them. They also dressed up as what they want to become or what they dream to be in future and wrote a few lines about it on their pictures. Students' enthusiastic participation was witnessed on this day and some glimpses of the special day are attached below:

THANKSGIVING DAY -25 NOV.

A day to celebrate the emotions and bonds one shares with their families and peers is what Thanksgiving is for. The holiday commemorates a harvest festival celebrated by the Pilgrim Fathers in 1621, and is held in the US on the fourth Thursday in November. A familiar holiday is celebrated in Canada, usually on the second Monday in October. The day is more than just baking & cooking. It's that time when families get together to share their stories and celebrate all the blessings they've received throughout the entire year. It's also a special day for people to show their appreciation for everyone in their lives. The students created cards to serve their peers, in which they mentioned the reasons which made them feel blessed and thankful for. The students shared the cards with the house helps who were overwhelmed with such gesture.

COMMUNAL HARMONY DAY -25 NOV.

Communal Harmony Day is celebrated as Sadbhavana Diwas to commemorate birth anniversary of late Rajiv Gandhi, former Prime Minister of India. This day is observed to encourage national integration, peace, affection and communal harmony among Indian people of all religions. Various activities were organized at all levels to encourage maximum participation of the students. The students came forth and shared their thoughts and ideas in the form of posters, presentations and slogans.
