# General Awareness

**The subjects that will be the part of this academic**

**Session for Class 1 : -**

† **English**

† **Hindi**

† **Mathematics**

† **General Awareness- The topics will be integrated with English, Hindi as well as Mathematics.**

The study of General Awareness components is multidisciplinary in nature. Since it includes all disciplines such as English, Mathematics and other disciplines. The topics chosen will be taught in the form of short stories, incorporating grammar topics of English as well as sensitizing children towards their surroundings. During this process, children will get acquainted with various sources of knowledge of General Awareness and other subjects.

- **There will be no separate book for General Awareness.**
- **The topics of General Awareness will be taught in a lucid manner through story form following Multilingualism/ Bilingual approach.** Emphasis will be laid on conceptual understanding rather than rote learning.
- **Separate ppts, worksheets and videos will be made keeping in mind Interdisciplinary approach.**

**Activities will be planned for the year around for the holistic development of the students.** Inclusion of Art Integration and Experiential Learning in the activities.

**The following topics of General Awareness will be incorporated and integrated with the other subjects in the coming session.**
